

Rural Workers Dwellings Supplementary Planning Document (SPD)

Strategic Environmental Assessment Screening
May 2021

Rural Workers Dwellings SPD SEA Screening Statement

Introduction

- 1.1** The purpose of this report is to determine whether or not the contents of the *Rural Workers Dwellings Supplementary Planning Document (SPD)* requires a Strategic Environmental Assessment (SEA) in accordance with the European Directive 2001/42/EC and associated Environmental Assessment of Plans and Programmes Regulations 2004, as amended by The Environmental Assessments and Miscellaneous Planning (Amendment)(EU Exit) Regulations 2018 (the SEA Regs).

Legislative Background

- 1.2** In addition, Paragraph: 008 of the Planning Guidance Reference ID: 11-008-20140306 has been considered. This states that supplementary planning documents may in exceptional circumstances require a strategic environmental assessment if they are likely to have significant environmental effects that have not already been assessed during the preparation of the relevant strategic policies. This screening statement considers the impacts which are not already assessed within the Harrogate District Local Plan Sustainability Appraisal 2018 and the Sustainability Appraisal Addendum 3 Main Modifications July 2019.

Purpose of the SPD

- 1.3** The SPD seeks to provide detailed guidance to support Policy HS9: Rural Workers Dwelling in the Local Plan adopted 4 March 2020 (adopted for new settlement policies 9 December 2020). The guidance supports the implementation of the policy and expands on that provided in the National Planning Policy Guidance (NPPG) and the reasoned justification to Policy HS2. The SPD seeks to provide;
- Clarification of definition of a rural worker.
 - Setting out information required to satisfy all criteria; esp. in relation to
 - Functional need
 - Financial viability
 - Size of dwelling
 - Setting out info required to support an application to delete a condition.
 - Stressing the importance of pre-application engagement.

Screening Process

- 1.4** The screening opinion assessment is undertaken in two parts: the first will assess whether the SPD requires SEA and the second part of the assessment will consider whether the SPD is likely to have a significant effect on the environment, using criteria drawn from Schedule 1 of the SEA Regulations.

The Environmental Assessment of Plans and Programmes Regulations 2004

- 2.1** The Environmental Assessment of Plans and Programmes Regulations 2004 came into force on 20th July 2004.

SEA Requirement	Comments
(a) the degree to which the plan or programme sets a framework for projects and other activities, either with regard to the location, nature, size and operating conditions or by allocating resources;	The SPD has a minor role in setting the framework for projects. While the SPD forms a material consideration in decisions on planning applications. It has no influence on the location or volume of projects nor does it allocate resources.
(b) the degree to which the plan or programme influences other plans and programmes including those in a hierarchy;	The SPD does not create new policies but will support the policies in the adopted Local Plan. Other plans and programmes will likely outlive the SPD and during their preparation will be steered by national legislation and policy.
(c) the relevance of the plan or programme for the integration of environmental considerations in particular with a view to promoting sustainable development;	The purpose of the SPD is to provides guidance to support the Policy HS2 of the adopted Local Plan. The Local Plan SA/SEA assessed Policy HS9. The purpose of the SPD is to ensure these beneficial impacts of that policy are delivered and maintained.
(d) environmental problems relevant to the plan or programme; and	There are no environmental problems relevant to this SPD.
(e) the relevance of the plan or programme for the implementation of retained EU law on the environment (for example, plans and programmes linked to waste management or water protection).	The SPD has no relevance to the implementation of retained EU law.
2. Characteristics of the effects and of the area likely to be affected, having regard, in particular, to—	
(a) the probability, duration, frequency and reversibility of the effects;	The SPD is not allocating sites for development. The SPD is to provide guidance for the application and implementation of the policies in the adopted Local Plan and is not expected to give rise to any significant environmental effects.
(b) the cumulative nature of the effects;	The SPD is not considered to have any significant cumulative effects. As the document provides further guidance to adopted local plan policies, but does not set policies itself, it cannot contribute to cumulative impacts in combination with the Local Plan.
(c) the transboundary nature of the effects;	There are no transboundary effects as this SPD relates to the Harrogate District only. Any potential significant transboundary environmental effects have already been assessed as part of

	the local plan's sustainability appraisal, the Habitat Regulations Assessment and the plan's examination process.
(d) the risks to human health or the environment (for example, due to accidents);	The SPD poses no risk to human health.
(e) the magnitude and spatial extent of the effects (geographical area and size of the population likely to be affected);	The SPD relates to Harrogate District only.
(f) the value and vulnerability of the area likely to be affected due to— (i) special natural characteristics or cultural heritage; (ii) exceeded environmental quality standards or limit values; or (iii) intensive land-use; and	The SPD relates to Harrogate District only; there are a number of nationally designated nature conservation sites, designated and non-designated heritage assets (listed buildings and conservation area etc.). As no development is proposed via the SPD, none of these are likely to be affected by the SPD and this would be addressed through a planning application, specific to the proposal.
(g) the effects on areas or landscapes which have a recognised national, Community or international protection status.	The Harrogate District has areas of landscape recognised at national and international level, development schemes will be considered in accordance with the Local Plan which seeks to avoid impacts on these areas. As the SPD seeks to provide guidance and support to Local Plan Policy HS9 in relation to Rural Workers Dwellings it is considered that the landscape is not likely to be affected by the SPD. All schemes would be addressed through a planning application, specific to the proposal.
