Q52

The gap between Kellington and the neighbouring village of Eggborough should be maintained to protect the individual identity of both communities.

The green space that has been given the designation KELLINGTON/003 should be protected to be maintain the rural nature of the village.

○ St Edmunds Parish Church stands in 'splendid isolation' apart from the village. This historically church can be seen from various viewpoints, both within Kellington, and the surrounding communities and roads. There should be no development that impinges on the views of St Edmunds Church. As a 'heritage asset' Q29 The views of St Edmunds Church should be included in any Local list of Heritage assets.
