Dear Mr Heselton

**Selby District Interim Housing Policy**

I write in response to your letter dated 29th September 2010.

NYCC Children and Young People's Service would support the proposed interim policy.

Unplanned small scale residential infilling is problematic for us, as typically we are unable to secure developer contributions because of thresholds applicable to s.106 agreements. Any move which restricts this is welcomed.

Yours sincerely

Andrew Dixon
