

2ND DECEMBER 2014

PROPOSAL FOR THOUSANDS OF
NEW HOMES IN EGGBOROUGH.

Dear Sir/Madam,

We write to you to voice our objections to the outrageous proposals for yet more land in our village to be earmarked for new homes & businesses.

We moved to Eggborough as newly weds 25 years ago & have remained in the same house raising our 2 children who both attended the local village school which never had more than 170 pupils.

Obviously, our main objection is to 'Eggborough/005' because this would directly affect us but we also object to all the other proposed schemes for Eggborough.

The Councils & Government need to address the real reasons for the need for so much more housing & not spoil our village with extra traffic, crime & reduced services.

Yours sincerely

COWIN SMITH
