**Selby District Council
Local Plan Consultation**

**"PLAN Selby"
(The Sites and Policies Local Plan)**

Initial Consultation Comments Form

"PLAN Selby" is the Sites and Policies Local Plan which the Council is developing to deliver the strategic vision outlined in the Core Strategy that was adopted in 2013. When adopted, PLAN Selby will form part of the Local Plan for the District against which planning applications will be assessed.

This consultation is the first stage in our on-going dialogue with you and we hope that you will take time to respond to it and help us move forward. The responses to this consultation will help inform our work and shape the District for the future.

Comments are therefore invited as part of this Initial Consultation.

Please use this form to make your comments.

Please read the main document PLAN Selby and associated papers, which are available on the Council's website at www.selby.gov.uk/PLANSelby and at local libraries and Public Council offices.

You will need to see what is in PLAN Selby in order to make your comments. It contains a wide range of issues and specific questions on which we would like your views. Please make sure you are clear about which part of PLAN Selby you are commenting on and ensure we have your full contact details so we can take your comments into account and so that we can contact you about the next stages.

**Completed comments forms must be received by the Council
no later than 5pm on Monday 19th January 2015**

Contact Details - Please provide contact details and agent details, if appointed

Topic / Chapter

Escrick - proposed development

Question no.

Paragraph

I was born and bred in Escrick and after a gap of 10 years moved back to the village 3 years ago. I value the village character and a great community spirit.

I understand that more housing is required and that Escrick must take it's share BUT any large scale development would alter for ever the existing Village community and it would become a small town with no village center or feel. A small housing increase of say 5% would be sustainable and could be absorbed. This could be achieved by 'in fill' in the existing village boundary and maybe a small development at the side of Skipwith Road at the side of Escrick Court (opposite Gashouse wood).

I am opposed to any large scale development around the village on the Green belt. The fields surrounding the village make Escrick what it is. A 'country' village. The A19 is only just coping with the existing traffic, and working on every new house having 1 or 2 cars, a large development would create gridlock at peak times. People in any new housing development will also obviously have children and major extensions would be required to the village school.
