Ref – 'PLAN Selby' – The Sites and Policies Local Plan – Initial Consultation

Dear Sirs

I am writing on behalf of Eggborough Parish Council with comments about the above 'Plan Selby'

Question 48

a) How should Eggborough and Whitley grow and develop?

There is currently insufficient infrastructure in the village and Whitley & Eggborough school and other surrounding schools have reached their capacity. Local children are attending Snaith, Hensall and Knottingley schools.

The Jolly Miller public house has shut and has been converted into a house and Kellingley Colliery is due to close down.

Local businesses are very small and some are going out of business. Are you aware how many local residents actually work in the local businesses?

b) What else is needed in Eggborough and Whitley that could be allocated a site?

Another school is required.

Yours sincerely

Carole Dobbing
Parish Clerk
